SUBJECT: **MASADA HOMES FOSTER FAMILY AGENCY CONTRACT REVIEW - A  
DEPARTMENT OF CHILDREN AND FAMILY SERVICES SERVICE  
PROVIDER**

We have completed a contract compliance review of Masada Foster Family Agency (Masada or Agency), a Department of Children and Family Services (DCFS) Foster Family Agency service provider.

**Background**

DCFS contracts with Masada, a private non-profit community-based organization to recruit, train and certify foster care parents for the supervision of children placed in foster care by DCFS. Once the Agency places a child, it is required to monitor the placement until the child is discharged from the program.

Masada is required to hire qualified social workers to provide case management and act as a liaison between DCFS and foster parents. The Agency oversees a total of eight certified foster homes in which nine DCFS children were placed at the time of our review. Masada is located in Gardena in the Fourth District.

DCFS pays Masada a negotiated monthly rate, per child placement, established by the California Department of Social Services (CDSS) Funding and Rate Bureau. Based on the child's age, Masada receives between \$1,589 and \$1,865 per month, per child. Out of these funds, the Agency pays the foster parents between \$624 and \$790 per month, per child. Masada was paid \$280,257 during Fiscal Year 2006-07.

### **Purpose/Methodology**

The purpose of the review was to determine whether Masada was providing the services outlined in their Program Statement and the County contract. We reviewed certified foster parent files, children's case files, personnel files and interviewed Masada's staff. We also visited a number of certified foster homes and interviewed several children and foster parents.

### **Results of Review**

The foster parents interviewed stated that the services they received from Masada generally met their expectations and the children stated that they enjoyed living with their foster parents. In addition, both of the foster homes visited were in compliance with CDSS Title 22 safety regulations. Masada also ensured that their social workers caseloads did not exceed the maximum established by CDSS Title 22 regulations.

Masada did not always ensure that the children's Needs and Services Plans (NSPs) were prepared in accordance with the County contract. Specifically, one of the two NSPs reviewed did not contain the signature of the child's DCFS social worker indicating their approval. The second NSP did not address the child's ability to manage money or their personal care and grooming. In addition, Masada did not always prepare timely annual performance evaluations for staff working on the County contract. These two findings were also noted during the prior year's monitoring review.

The details of our review along with recommendations for corrective action are attached.

### **Review of Report**

On September 13, 2007, we discussed our report with Masada who was in general agreement with the findings. In their attached response, Masada's management indicates the actions the Agency has taken to implement the recommendations. We also notified DCFS of the results of our review.

We thank Masada for their cooperation and assistance during this review. Please call me if you have any questions or your staff may contact Don Chadwick at (626) 293-1102.

**FOSTER FAMILY AGENCY PROGRAM  
MASADA FOSTER FAMILY AGENCY  
FISCAL YEAR 2006-2007**

**BILLED SERVICES**

**Objective**

Determine whether Masada Homes Foster Family Agency (Masada or Agency) provided program services in accordance with their County contract and California Department of Social Services (CDSS) Title 22 regulations.

**Verification**

We visited two of the eight Los Angeles County certified foster homes that Masada billed the Department of Children and Family Services (DCFS) in March and April 2007, and interviewed two of the three foster parents and one of the three children placed in the two homes. We also reviewed the case files for the three foster parents and two children. In addition, we reviewed the Agency's monitoring activity.

**Results**

The foster parents stated that the services they received from Masada generally met their expectations. In addition, both of the foster homes we visited were in compliance with CDSS Title 22 safety regulations.

Masada needs to ensure that the Needs and Services Plans (NSPs) contain all the elements required by the County contract and CDSS Title 22. One of the two NSPs reviewed did not contain the signature of the child's DCFS social worker indicating their approval. The second NSP did not address the child's ability to manage money or their personal care and grooming.

Our prior audit report, dated July 12, 2006, also noted that Masada did not always ensure that the children's NSPs were prepared in accordance with the County contract.

**Recommendation**

1. **Masada management ensure that the Needs and Services Plans contain all the information required and that the DCFS social worker approve in writing all Needs and Services Plans.**

**CLIENT VERIFICATION****Objective**

To determine whether the program participants received the services that Masada billed to DCFS.

**Verification**

We interviewed one child and two foster parents and observed one toddler placed in two Masada certified foster homes to confirm the services Masada billed to DCFS.

**Results**

The foster child indicated she enjoyed living with her foster parent and the foster parents interviewed stated they were generally happy with the services they received from the Agency.

**Recommendation**

**There are no recommendations for this section.**

**STAFFING/CASELOAD LEVELS****Objective**

Determine whether Masada's social workers' caseloads do not exceed fifteen placements and whether the supervising social worker does not supervise more than six social workers, as required by the County contract and CDSS Title 22 regulations.

**Verification**

We interviewed Masada's program coordinator and reviewed caseload statistics and payroll records for the Agency's social workers.

**Results**

Masada's supervising social worker supervised one social worker and the Agency's social worker carried a caseload of nine cases.

**Recommendation**

**There are no recommendations for this section.**

## **STAFFING QUALIFICATIONS**

### **Objective**

Determine whether Masada's staff possess the education and work experience qualifications required by their County contract and CDSS Title 22 regulations. In addition, determine whether the Agency conducted hiring clearances prior to hiring their staff and provided ongoing training and performance evaluations to staff.

### **Verification**

We interviewed Masada's program administrator and a personnel officer. We also reviewed each staff's personnel file for documentation to confirm their education and work experience qualifications, hiring clearances, ongoing training and performance evaluations.

### **Results**

Masada's program administrator and social worker possessed the education and work experience required by the County contract and CDSS Title 22 regulations. In addition, the Agency conducted hiring clearances and provided on-going training to staff working on the County contract. Masada's social worker did not have a current annual performance evaluation in her personnel file. At the time of our review, the social worker's annual performance evaluation was five months past due.

Our prior audit report, dated July 12, 2006, also noted that Masada did not always prepare timely annual performance evaluations for staff working on the County contract.

### **Recommendation**

- 2. Masada management ensure that staff working on the County contract receive annual performance evaluations.**

## **PRIOR YEAR FOLLOW-UP**

### **Objective**

Determine the status of the recommendations reported in the prior monitoring review completed by the Auditor-Controller.

### **Verification**

We verified whether the outstanding recommendations from the Fiscal Year 2005-2006 monitoring review were implemented. The report was issued on July 12, 2006.

**Results**

The prior monitoring report contained four recommendations. Masada fully implemented two of the recommendations. As indicated earlier, recommendations 1 and 2 were also noted during the prior year's monitoring review.

**Recommendation**

- 3. Masada management implement the outstanding recommendations from the Fiscal Year 2005-2006 monitoring report.**
